

## Adults/Leaders/Volunteers

**Church School Shepherds** - Middle and High School students serve as volunteer shepherds on Sunday mornings. Shepherds accompany groups of children to their classes, assist teachers as needed, and build loving relationships with God's precious children. Students interested in serving in this capacity should speak to Delinda.

**Vacation Bible School Leadership** - Middle and High School students provide important leadership for our summer program for preschool and elementary children. Students earn credit for youth trips while leading songs, crafts, and games; preparing and serving snacks; shepherding small groups of children; and serving in a variety of other up-front and behind the scene roles. Interested students should speak with Cathie, Delinda or Becca.

**Middle School Leaders** - High School Students who are willing to commit to be a mentor and positive role model for middle school students. Attend middle school youth group on Wednesday nights and come with us to the Surf City Middle School camp. Talk to Becca if interested.

**Youth Ministry Volunteers** - We are always looking for people of any age to help be a mentor and bring love and compassion to our young people. If you have just graduated high school or older, please let Becca know if you are interested in helping run middle/high school youth groups and events.
