

## High School Trips

**Laurelville-** A fun-packed weekend retreat in the Laurel Mountains. The retreat consists of many of the surrounding Pittsburgh youth groups and is run by the Pittsburgh Foundation. Kids will get to experience a much-needed time away from the pressure and frustrations of being a teenager. They will get to do a lot of fun games, including an optional mud pit, and be deeply moved by an encouraging and loving speaker, an awesome worship band, and space to have to those important conversations with their youth leaders.

**Snow Tubing-** An overnight event at a cabin in Hidden Valley. We will snow tube all day, hang out all night, and then have an awesome fire-side worship in the morning. This is a great event to invite those friends who are uncomfortable doing other "church" things.

**Wilderness Extreme (9<sup>th</sup> and 10<sup>th</sup> grade) -** A life changing, challenging, soul searching, trip to Wyoming. Summit the 3<sup>rd</sup> tallest peak in Wyoming, using rope teams, ice axes, and rock climbing. Led by a professional mountaineering guide.

**Jamaica Mission Trip (11<sup>th</sup> grade - age 20) -** Come learn what it means to see life in a whole new perspective. What does it mean to love and have compassion for others? What does it mean to be joyful in times of sorrow? What does it mean to live in fellowship and community? A week long mission trip to an impoverished town in Jamaica will help you search your soul for these answers as you build houses for those who are homeless, provide food to those who are hungry, love those who are lonely, and encourage those who are hopeless.
